

Continues to Advocate for Poland's Inclusion in Visa Waiver Program

WASHINGTON—Yesterday, Rep. Mike Quigley (IL-05) met with Polish President Bronisław Komorowski to discuss Poland's relationship with the United States, as well as Quigley's commitment to his Polish-American constituents and including Poland in the Visa Waiver Program.

Later in the afternoon, following President Komorowski's meeting with President Obama, Obama announced that he was committed to extending the Visa Waiver Program to include Poland during his Presidency.

"It was an honor to meet with President Komorowski and discuss ways to improve relations between our two great nations and the lives of the Polish-Americans in my district," said Quigley. "I look forward to working with President Obama to make sure Poland is included in the Visa Waiver Program."

Quigley Meets with Polish President Bronisław Komorowski
